SITE OPTIONS

Outdoor sites around the Showground

Our large showground provides a range of sites for commercial exhibitors. Position your business on a site around the Centre Ring, in the Agricultural section, adjacent to the Ring Road or along one of the main pedestrian thoroughfares. Site positioning will depend on your need for power and/or water, on availability and on our themes for different areas of the ground. *Early birds get the best sites and best rewards!*

Indoor sites

If your products and services are better suited to an indoor site, you can book a spot in the popular MacDonald, Willard or Morgan Pavilions. Throughout the Show, these pavilions are home to many top-quality exhibitors, sponsors, demonstrations, and competitions to attract a continuous crowd.

RETURNING FAVOURITES

The animal nursery always attracts a great crowd of youngsters and the young at heart. The Agricultural display features a variety of farm animals with demonstrations through the day and an opportunity to kiss a Llama or milk a goat. Our menagerie will feature feathered and furry friends – alpacas, rabbits, goats, lambs, llamas, chickens, and baby ducks to name a few.

Entertainment will fill the three days and two nights. The fireworks on Saturday night is always a popular attraction. The best rides and attractions we can muster will be here and of course, the latest and greatest show bags to tempt everyone!

SHOW MARKETING

Our marketing plan aims to achieve 22,000 to 32,000 visitors. We have developed partnerships with all the major media outlets in the Lower Hunter covering television, radio and print which will give us great exposure and awareness of the Show. We communicate directly with our customers through social media to create an online community and build excitement and anticipation leading up to and throughout the Show. Our marketing kicked goals in 2023 and we look forward to the challenge of going further in 2024.
